**Fom of courses:**

- L- lecture
- T- tutorial
- PC- practical classes
- P-internships
- L- laboratory classes

\*- student chooses seminars/tutorials which present various cases / clinical cases in the scope of each specialty according to the current standards of medical education.

As part of practical clinical education, the student will achieve the intended learning outcomes in Groups E and F in accordance with Annex 1 to the Regulation of the Minister of Science and Higher Education of 9 May 2012 (item 631) and practical skills attributed to practical clinical teaching in the medical field.

Practical clinical teaching during VIth year includes classes in clinics, hospital departments or in simulated clinical settings.

The detailed description of the clinical workshop includes a course description chart within a particular specialty.
